

Product safety recall

MIKI SAND ART SET

Sold by Sax International Pty Ltd

Model Code: 8369 & 8445

Reason the product is recalled

The product is being recalled because the sand may include asbestos, which is a prohibited substance in Australia.

The hazards to consumers

Asbestos has not been detected in any of the laboratory tested samples. However, unknown / unidentified mineral fibres identified in testing may contain tremolite-type asbestos fibres that have been found in some other craft sand products. Accordingly, the product may cause a risk to health.

What consumers should do

Stop using the products immediately. Wear disposable gloves and a mask and place all parts of set in a heavy-duty plastic bag and double tape it securely and keep it out of reach of children. Do not dispose of the products in general waste. Information on the disposal of asbestos waste, including disposal facilities in your state or territory can be found on [The Asbestos and Silica Safety and Eradication Agency Website](#). Consumers can receive a refund from their place or purchase by providing proof of purchase. The product should not be returned to store.
